1.- Base Torres viewpoint trek

**FULL DAY TREKKING**

- Departure: 7:00 hrs
- Trek length: 8 hrs
- Difficulty level: high
- Route distance: 18 km
- Initial latitude: 120 masl
- Maximum latitude: 870 masl

A deservedly famous and highly demanding excursion. After crossing the Ascensio River, you will walk uphill for around 2.5 km until reaching "Paso del Viento" pass at about 480 meters above sea level (masl), with a beautiful panoramic view of the pampa, the lakes to the south and the Ascensio Valley itself. From there, you will descend to the "Refugio El Chileno" shelter. Up to that point, vegetation is that of the pre-Andean scrubland bioclimate; from then on, vegetation changes completely, and as you climb you will penetrate the ancient Lenga tree forest until you reach the Torres Glacier moraine at 600 masl. Once out of the forest a final push of around 45 minutes of continuous uphill trekking will take you to the Base of the Towers viewpoint at 870 masl, where you will behold directly in front of you: the three granite giants, the best reward to your efforts!

Throughout the trek, you will observe fauna such as condors, mora eagles, caranchos and other birds of prey.
2.- Valle del Francés trek

A wonderful adventure that will lead you into the heart of the Park! After crossing Lake Pehoé in a 30 minutes boat ride, you will begin a hike lasting around two hours along a rustic trail in the midst of a Notro and Coigüe trees forest. Upon reaching the suspension bridge, there is a spectacular view of the French Glacier and once across the bridge, the Italian Camp, located within an ancient Lenga tree forest. The climb continues uphill along the trail to the French Valley viewpoint, offering a 360° view of the magical shapes of the granite mountains.

* Note: This excursion is subject to the Pehoé Lake navigation. Available between November 1st and March 31st. The boat sailing has an additional cost of 50 USD per person approx.
3.- Los Cuernos trek

This trek is perfect to experience the beauty of the park’s two iconic mountains: Almirante Nieto and Los Cuernos del Paine. The hike starts alongside beautiful rivers and lakes with ever-present native flora and fauna. Upon reaching the first rock plateau, you will enjoy seeing close-up the whimsical line drawn by the Cuernos del Paine, and their characteristic two-color hue created by sedimentary rock and granite. If you are a trek lover, this is another path of the famous W trek that you can’t miss.

FULL DAY TREKKING

Departure: 8:00 hrs
Trek length: 6 hrs
Difficulty level: moderate
Route distance: 22 km
Initial latitude: 120 masl
Maximum latitude: 330 masl
4.- Glaciar Grey viewpoint trek

This is one of the long trekking´s we offer, another trail of the famous W circuit. We will cross the Pehoe Lake in a 30 minutes boat trip arriving in the Paine Grande area (Paine Grande is the highest mount in the National Park) where we will star the trek. Along the way is possible to observe the beautiful landscape surrounded by lakes and mountains. We will cross clear spring creeks and we will pass through a unique an ancient forest of native species such Coigüe, Ñirre and Notro trees, just facing the border of the mountain, the majestic Grey Glacier and the Southern Patagonian ice field to the distance; an amazing viewpoint that you will love!

* Note: This excursion is subject to the Pehoé Lake navigation. Available between November 1st and March 31st. The boat sailing has an additional cost of 50 USD per person approx.
5.- Cerro Castillo trek

Located only 40 minutes from Patagonia Camp we find Cerro Castillo, one of the most iconic peaks in Torres del Paine. We start this very fun and demanding excursion walking across a Ñirre forest, to then start the real ascension to the central summit. The primary views of Porteño Lake and Toro Lake give way to an impressive view of the mountainous chain that composes Torres del Paine, not to mention Sierra Baguales, Las Chinas River, Cerro Tenerife and the Grey Glacier to the distance.

Once we have reached half of the way we will get deep into a beautiful and ancient Lenga forest that will protect us from exposure to the weather elements and will give us the time to rest and prepare for the final attack to the summit. This last part consist of a very exposed hike but the reward at the end will be worth it!! A 360° view of the beautiful and wild geography of Patagonia

FULL DAY TREKKING

Departure: 8:00 hrs
Trek length: 8 hrs
Difficulty level: high
Route distance: 18 km
Initial latitude: 62 masl
Maximum latitude: 1.070 masl
6.- Lazo Weber trek

This excursion starts at one side of Laguna Verde, in the eastern side of the National Park where you can experience the wonderful landscape of the Paine Massif with the stillness of the surrounding Coigüe and Lenga forest typical of this area. Initiating at Estancia Lazo, we will border the Laguna Verde through cannons and valleys surrounded by birdlife like Rana Duck, Jergón, loro Cachaña parrot, woodpeckers and condors among others. We will arrive to Onda Lagoon where we will have excellent views of Calafate Lagoon, Sierra Baguales and the impressive horns! From here, we will head to the western side of the park, stopping in the middle of the trail to contemplate the beautiful forest and have lunch. After the break, we will continue our trek passing Los Ciervos Lagoon to finally arrive at del Toro Lookout point 559 masl, where we will have majestic views of Toro Lake, Paine River, Serrano Valley, Balmaceda Mount and the glaciers Tyndall and Geike, in addition to a part of the Southern Ice field.
7.- Playa Grey walk + Toro Lake viewpoint hike

SCENIC AND SHORT HIKES

Departure: 9:30 hrs
Hike length: 2,5 + 1,5 hrs
Difficulty level: low
Route distance: 5,5 + 3 km
Initial latitude: 50 masl
Maximum latitude: 80 masl

An excursion that lets you discover three completely different environments: beginning at Guardería Grey area you will cross a mature Lenga tree forest where it is possible to observe forest birds, such as Magellanic woodpeckers and Cachañas parrot. The hike continues along the beach at the far end of Lake Grey where you can see the icebergs that have broken away from Grey Glacier with their amazing blue colors and breathtaking shapes. Finally, upon reaching the peninsula you will enjoy a spectacular view of Grey Glacier and surrounding area, a festival of colors to delight your senses!

Then we will do a very fun hike along the cliff of an outcrop between the administration area and the Weber bridge, were you will enjoy one the best panoramic views of the Paine massif and the Toro Lake. Also is a very good place to learn about the settlers period in this area. The trail is full of native flowers species such as orchids.
8.- Playa Grey walk + Ferrier viewpoint trek

An excursion that lets you discover three completely different environments: beginning at Guardería Grey area you will cross a mature Lenga tree forest where it is possible to observe forest birds, such as Magellanic woodpeckers and Cachañas parrot. The hike continues along the beach at the far end of Lake Grey where you can see the icebergs that have broken away from Grey Glacier with their amazing blue colors and breathtaking shapes. Finally, upon reaching the peninsula you will enjoy a spectacular view of Grey Glacier and surrounding area, a festival of colors to delight your senses!

After the Grey walk we will starting out at Guardería Grey area. This trek takes you to a point with privileged views of the Paine Massif, the many lakes forming part of Torres del Paine hydrographic system and the Glaciers Grey and Pingo in the distance; the Sierra Baguales and even Argentina, without a doubt one the most beautiful viewpoints in the Park. It is a two hours continuous ascent of about 550 meters in altitude, going through dense Lenga tree forests inhabited by huemules and, if you're in luck, you may even catch a glimpse of this majestic Andean deer.
Starting at El Salto Grande, which is an imposing and powerful waterfall of approximately 15 mts high that drains the waters of Lake Nordenskjold and the Paine River into the majestic, turquoise-colored Lake Pehoé. The combination of elements and roaring waters creates an amazing spectacle of sound and color that will leave you breathless! We will walk along the trail with a great view of Los Cuernos and we will get so close that you will feel the heart of the mountain, definitely an unforgettable hike!! The hike to the Cóndor viewpoint is another privileged hike in terms of views. The trail begins at Lake Pehoé, which will fascinate you with its distinctive turquoise color. You will ascent for about an hour through the Sierra del Toro; along the way you can appreciate some of the local vegetation such as Nothofagus trees, the area's micro-wildlife and the beautiful soaring condors. At the top you will enjoy an amazing panoramic view of Lake Nordenskjold, Los Cuernos del Paine, Valle del Francés and the Patagonian Andes - and not only the view, you will also experience the force of Patagonian winds, a faithful companion in this adventure!
In this excursion, we will travel along the Park visiting many famous viewpoints on the way to the start of our hike, the fauna trail. This trail is particularly interesting as it passes through one of the most extensive bioclimatic areas in the park, the pre-Andean xerophilous scrubland, here found in a practically pure state. This is an ideal hike to observe wildlife and you may encounter gray foxes, guanacos (lama guanicoe) and ñandúes (rheas). It is the puma’s hunting ground and many traces of hunting can be seen. You will also be able to visit caves with prehistoric paintings dated at from before the Tehuelche period, around 6,500 to 6,000 years old. After the hike we will visit the Laguna Azul, a great spot to observe the three towers; an experience rich in nature, history and moderate exercise with a different perspective of the Paine towers!
11.- Cóndores cliff & Trombolitos

The trip starts with a 2 hrs drive along a route surrounded by the beautiful landscape of Patagonia. We will get into the biggest ranch in the province, Estancia Cerro Guido with 101,000 hectares, a great place to learn about the settlers who conquer this wild land. On top of the cliff, if we are in luck we will see condors flying just a few meters from us. After visiting the cliff, we will descent for 20 minutes and we will enjoy a box lunch observing the vast pampa. To finish, we will visit the Sarmiento Lake where is possible to see geological formations named “trombolitos”, all around the area.
12.- Full day photo safari

This excursion is designed for guests who do not want much physical activity but at the same time want to experience the National Park in search of those impressive postcards only Torres del Paine has to offer! During this excursion we will cover different roads inside the Park to reach the local fauna, the characteristic flora and the most iconic landscapes to photograph. This is a low difficulty activity where we will have only short walks with the best spot ever.
13.- Laguna Bonita hike

Many special places in our private reserve are waiting for you to discover. Laguna Bonita is an ideal spot to admire and feel the rhythm of nature. You can look into a little explored area, a perfect place for contemplation and relaxation. Walk along an easy-going trail across beautiful Coigüe tree forests and accompanied by local birds, while enjoying a view of the Paine massif, Cerro Tenerife and the colors of the Porteño and Toro Lakes and of Bonita and Maravilla Lagoons. A great walk to experience the solitude of Patagonia.

Note: This is a self-guided excursion.
14.- Toro waterfall hike

**PATAGONIA CAMP EXCLUSIVE**

- Departure: by arrangement
- Hike length: 1,5 hrs
- Difficulty level: low
- Route distance: 2 km
- Initial latitude: 50 masl
- Maximum latitude: 50 masl

Enjoy a beautiful and solitary spot just a few meters away from the hotel and within our reserve. The trail starts only 500 meters from the entrance to the Camp, bordering the vast Lake Toro and its splendid waters, with gleams of striking blue and turquoise colors changing every moment depending on the light. After approximately a 40-minute walk you will arrive at the base of the Cascada del Toro waterfall, which is surrounded by native woods, lush vegetation and a variety of birds - an ideal excursion for bird lovers! While visiting this secret spot you can take beautiful pictures from yet, another angle of the Paine Massif, Los Cuernos, La Sierra and Lake Toro. When all is said and done, this walk will take you on a visit to a secluded getaway and one of our most romantic landscapes, which only Patagonia Camp can offer.

Note: This excursion is self-guided.
15.- Kayak in Toro Lake or in Bonita Lagoon

This experience is another of the treasures Patagonia Camp has for you! Our team of guides will explain you basic paddle technics and safety instructions; once you are ready with all the equipment we will go to the Shore of Toro Lake, the biggest in the region, with clear water of deep blue colors. While you are enjoying this sport, you will be also amazed by the extraordinary Patagonian landscape. A not-to-be-missed outing!

Note: This excursion is subject to weather conditions, please, follow our guides instructions, thank you!
16.- Fishing “catch & release” on the shore of Toro Lake

Patagonia Camp, located on the shore of Toro Lake, offers you the opportunity to fishing in this magnificent lake with its 202 square kms area is one of the most extensive lakes in the Magellan Region. The lake's irregular geography has numerous islets, bays and river mouths, making it an absolutely essential destination for fishing enthusiasts visiting the Chilean Patagonia! Mainly Brown and Rainbow trout - with a weight ranging from 1 kg to 8 kgs - can be found in this area. Fishing is from the bank, in the eco-friendly "catch and release" mode that allows trout to complete their natural cycle, swimming up the Serrano River to their spawning ground. You can enjoy this relaxing sport very close to the comfort of your yurt.

Note: This is a self-guided excursion. An online fishing license is available; is responsibility of the angler to get the license, ask for support at the front desk.
17.- Stand Up Paddle (SUP) in Laguna Bonita

Be the first! Get up stand up! Learn to Stand Up Paddle (SUP) in Patagonia Camp, the first hotel in Torres del Paine offering this fun activity. This technique has its origins in the ancient cultures of Africa to South America where the aborigines used boards, canoes and other watercraft propelled apparatus with a long stick to fish and travel. The modern Stand Up Paddle board combines the excitement of surfing with techniques of paddling, a fun and unique match to practice your balance! If you don’t have any experience our guides will give you lessons on the calm lagoon waters of Laguna Bonita, in a private area just a short walk from The Camp. Surrounded by mountains, it is protected from the strong winds of Patagonia, the perfect place to begin your paddle board experience.
18.- Península del Toro trek

PATAGONIA CAMP EXCLUSIVE

Departure: 9:30 hrs
Trek length: 5 hrs
Difficulty level: Moderate
Route distance: 13 km
Initial latitude: 50 masl
Maximum latitude: 242 masl

This is an ideal route for those who like to explore practically uncharted land. Along most of the way you can admire the Paine massif and Lakes Maravilla, Porteño and Toro. Immerse yourself in many different ecosystems, such as the pre-Andean mesophilic scrubland and a Coigüe trees rainforest with Coicopihues and Fuinque, and observe the area's biodiversity. Later, you will arrive at a livestock trading post, the "Puesto Las Dudas", and learn about the local gauchos' lifestyle and hard work in the unpredictable Patagonian climate. A truly unique experience!
19.- Fly fishing in Lago Toro

Patagonia Camp is located at the shore of Lake Toro within a Private Reserve of 34,000 hectares; the Lake Toro is one of the biggest fresh water masses in Magallanes with 202 km², and you will have the chance of fishing in it!!! Because of its irregular geography it has several island, bays and river mouths, making it a must destination for those who love fishing. In this area is possible to find brown and rainbow trout with weights in between 1 and 8 kilos. The remoteness of some rivers and lakes makes that fishing in Patagonia is an unforgettable and unique experience, different from any other place in the world.

* Note: This excursion is not included in our All Inclusive Shared programs and it has an additional cost of 290 USD per person approx. double basis and 400 USD single basis. An online fishing license is available; is responsibility of the angler to get the license, ask for support at the front desk.
20.- Grey Lake navigation

A 15 minutes walk along a trail crossing a Lenga tree forests will take you to the pier. Navigation of Grey Lake is undoubtedly one of the most captivating experiences in Torres del Paine. The boat tour will let you view a unique landscape created by the combination of vegetation, mountains and icebergs. You will be able to admire from very close the glaciers' giant walls with their amazing range of blue colors and shapes!
